

Munich, 5 April 2017

Certificate of Conformity (CoC)

- European Directive 2011/65/EU (RoHS II)
- European REACH Regulation (EC)1907/2006

PULS Sales-number / Model Designation	Remark
UZO12.26	Battery module without assembled battery

Table 1

European Directive 2011/65/EU (RoHS II)

PULS Battery module in table 1 meets the restriction of the use of certain hazardous substances in electrical and electronic equipment of the Directive 2011/65/EU (RoHS II) of the European Parliament and of the Council of 8 June 2011.

The RoHS II conformity of these modules is proved since June 2011 at the latest. For PULS Battery modules with launch after June 2011, the RoHS II compliance is already given from market launch.

PULS Battery module listed in table 1 meets the restricted substances referred to Article 4 (1) and maximum concentration values by weight homogeneous materials according Annex II.

Applications exempted from the restriction in Article 4(1) according to Annex III can be:

none

European REACH Regulation (EC) 1907/2006

As a manufacturer of electronic power supplies, PULS GmbH is a "downstream user" with regards to the Regulation for the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH). Therefore, PULS is only providing information on only non-chemical articles (products). In principle, PULS GmbH is not subject to any obligation to register or to compile material safety data sheets.

PULS hereby confirms that its Battery modules comply with the legal obligations regarding Article 33 of the European REACH Regulation 1907/2006 (Registration, Evaluation, Authorisation and Restriction of Chemicals), which came into force on 01.06.2007.

PULS and its suppliers will continuously review the actual ECHA "Candidate List" for additions and updates and act accordingly in compliance with REACH regulations. The actual candidate list is provided on the European Chemicals Agency website at:

http://echa.europa.eu/chem_data/candidate_list_en.asp.

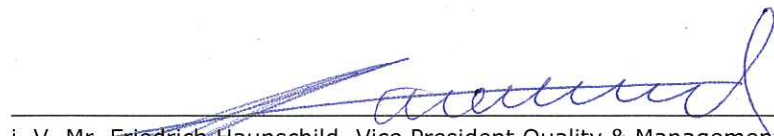

The information requirement of REACH Article 33 is done by considering of the ECJ-Judgment (Case C-106/14) for calculating the SVHC content in articles.

For PULS Battery module listed in table 1 there are currently no information within our supply chain that one of our products contains articles with a substance which is listed in the ECHA "candidate list" SVHC (Article 59) with a weight of > 0.1%.
